

How to Scan QR Codes on Android

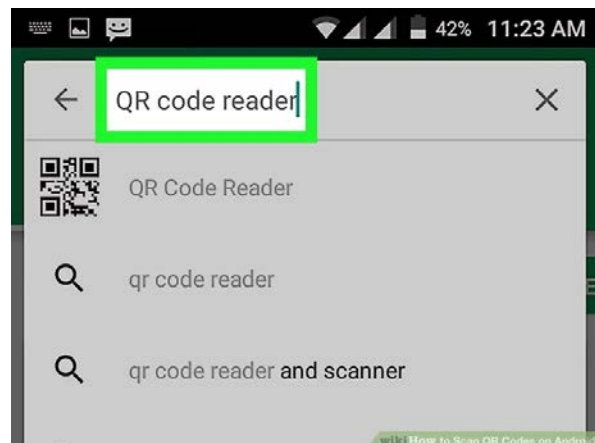

The QR Codes dotted inside the church, are shortcuts to pertinent parts of our website that permit you to learn more about the history of certain artefacts.

If you haven't got QR scanning on your mobile device, and would like be able to access this information, please follow the instructions below. (The App is safe and free).

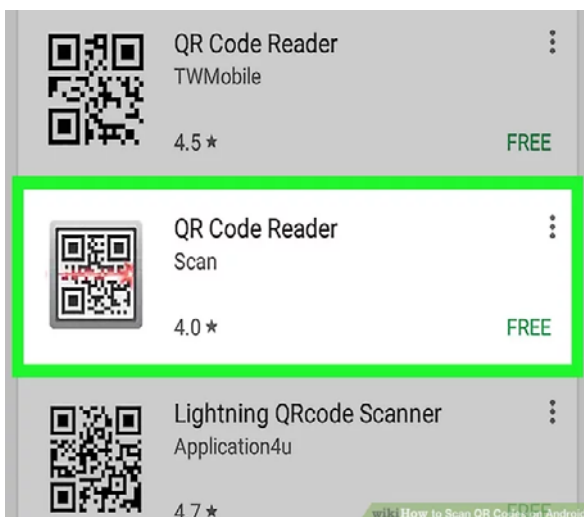

1. Open the Play Store.

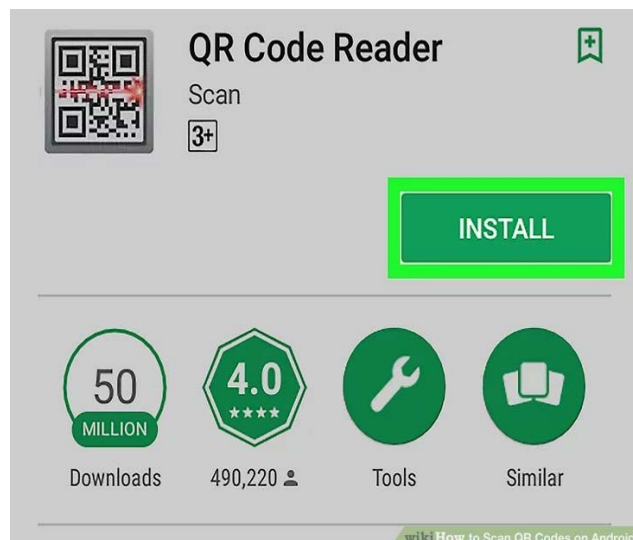

2. Search for QR code reader.

3. Tap QR Code Reader (by Scan).

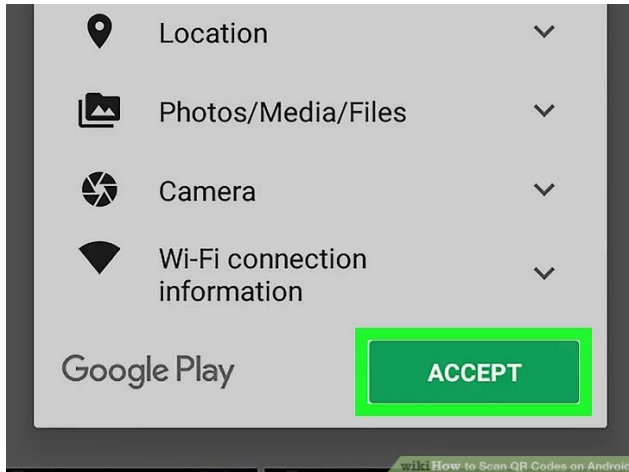

4. Tap Install.

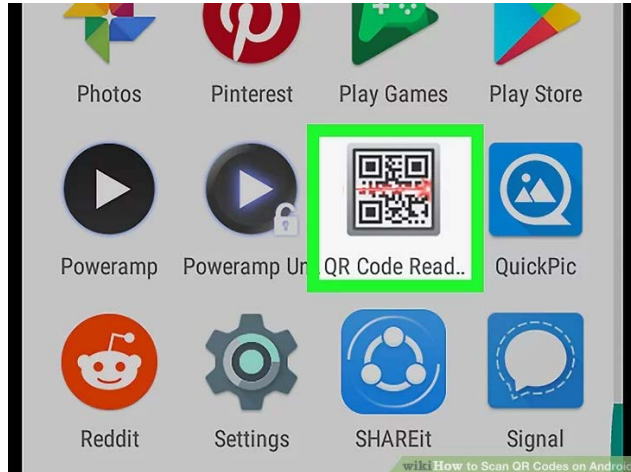

How to Scan QR Codes on Android
